

Dr. Lucas Murrey's Statement from 11 July 2024

Dear friends,

My lawsuit (LASC case no. 23STCV14890) against the secret Facebook cesspool “Are We Dating The Same Guy?” (“AWDTSG”) is gaining strength. Defendants and ringleaders such as Kelly Gibbons aka Kel Culb Gib (pictured below) and Amy Blalock who have sought to dismiss my case have failed. Further, those who participated in said cesspool and who also had their comments deleted after my LAPD and FBI reports such as Vanessa Valdes and Liv Burger (also pictured below) have failed in their attempt to deny me my basic first amendment right to freedom of speech (See Valdes’ failed LASC RO case no. 24STRO02552). Unfortunately for them, my voice is not restricted to criminal platforms like Facebook.

DEPARTMENT 61 LAW AND MOTION RULINGS

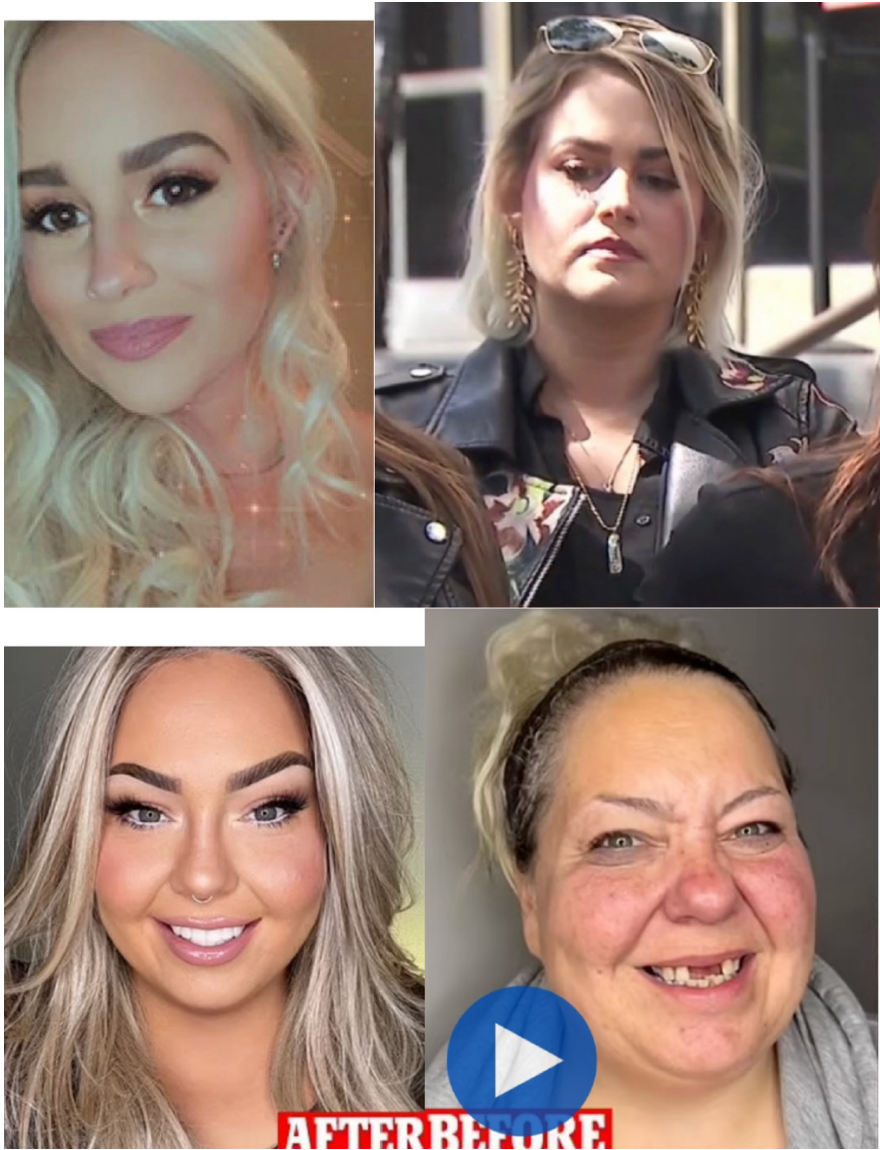

Case Number: 23STCV14890 Hearing Date: July 1, 2024 Dept: 61

STEWART LUCAS MURREY vs KELLY GIBBONS, et al.

TENTATIVE

Defendant Kelly Gibbons' Special Motion to Strike (Anti-SLAPP) the First Amended Complaint is GRANTED as to the third, fourth, and sixth through eleventh causes of action, and DENIED as to the first, second, and fifth causes of action for defamation and false light.

Defendant to provide notice.

Vanessa Valdes and Olivia Berger are among the defendants in the defamation and privacy case brought by

More individuals will be unmasked, served and brought into the orbit of justice. This proves that even the United States legal system is being forced to admit that said festering Facebook forum is a front for something that has nothing to do with protecting women, much less women innocently reporting “their truth” about dating.

This raises the question:

What is this secret Facebook cesspool?

The mainstream media which is controlled by those who designed this Facebook bacteria can only ridicule itself. So here is the truth they have been instructed to hide:

Secret AWDTSG Facebook sewers are CIA and Mossad sewers i.e. United States and Israeli governmental sewers.

Consider with care the essence of the mainstream media: a multi-billion dollar industry nobody actually wants and thus made possible only by an *anonymous money-printer* controlled discretely by their masters. These puppets who masquerade as “journalists” have been told to falsely alleged everything under the sun to harm me. For instance, in their desperate attempt to distract the public from the fact that I am a victim of severe Facebook gang-stalking, they repeated the fictional story that I have stalked women. Of course this is false. I have never stalked anyone in my life. This is why said superficial reporters of the mainstream media never provided a shred of evidence to support their allegations. For them, it is not about the truth. It is only about the crumbs they can gather i.e. their pay-checks that they deploy selfishly in an apocalyptic landscape: our “society” that has been destroyed by money for thousands of years. As for their dimly-lit masters carefully eluding the light and to whom said puppets owe fealty: It is also not about the truth. It is only about what a dumbed-down populace can be fooled into thinking.

Of course, there is also an ocean of useful idiots. Facebook users unaware they are being sacrificed for crimes of national security state agencies mystify not only themselves, but also the public. For whatever reason, these individuals are too mentally and spiritually weak to confront the governmental agencies that secretly rule the corporations that, in turn, rule their lives.

The Missing Link
Of Inverted Fascism:
Social Media as
CIA/Mossad Losers

Nevertheless, the facts of my case will continue to surface and glare back at them. Even though this action was filed over a year ago, not a single defendant during this time has provided any evidence that she dated me. Instead, of the hundreds of women on AWDTSF Facebook forums who have been linked to the gang-staling, cyberbullying and defaming of my person, not a single one has been able to prove that any of the “testimonials” about me are true. These women have had over a year to provide any evidence and they have failed. Worse, these women have been caught seeking to entrap me. All they can prove is that a few of them failed to cat-fish me before they were rejected and never taken serious as potential dates. As I stated at the beginning of this process: The majority of these women are unknown to me. This brings us back to the question:

What are this secret Facebook cesspool AWDTSG?

Anyone with eyes can see that Facebook is a front for CIA/Mossad psychological operations. Along with surveilling our electronic hallucinations, the sick men and women of national security state agencies target men like myself with good political values. These imbeciles are agents, finally, of cowardice. Like their masters, they could never win a fair fight. They are forced to live lives reduced to modern secrecy. Their masters are terrified of a county of intelligent and decent people. They ritualize a nation-state of *instagoons*.

In a way, the current design of dying mainstream media alongside ascending criminal platforms like Facebook are redolent of the *hypernormalization* of Russia in the 1970s and 1980s: Everyone is acting as if our society is normal. But we all know, it is not. We just don't know, what to do about it...yet.

My lawsuit shall point the way.

Thank you friends – more soon,
